25. Public Question Time

Lord Lloyd updated everyone on the Wealden Local Plan.

He said the Plan is currently being examined by the Planning Inspector, the Planning Inspector has been appointed by the Government and her role is to make sure the Plan is legally sound. The Planning Inspector's Public Examination was due to take place between 23rd and 28th May so on the 8th May he asked his solicitor to put an argument together that said the Plan is unsound on the grounds of Air Quality. Just before the 23rd May his Solicitor wrote and explained that there is nothing to be gained by him attending the hearing in person because it could exacerbate things but our objections have been submitted in writing. The Examination did not reach the Air Quality issue in May but it will be covered next week instead. Lord Lloyd plans to attend.

Mr Vine said there is a low lying field on his farm adjacent to the large layby on Wick Street which has a line of large oaks bordering it and he is planning to have an end of Summer party there on September 20th and 21st. There will be live music but only enclosed in 2 large tents and curfewed to 11pm. Wealden District Council granted him a TEN (within

24 hours of receiving the event plan) and Sussex Police have also given it their blessing. He confirmed he is meticulously following all their guidelines, particularly on traffic management, safety and noise levels. He is working with a professional Event Management company who have their own noise management expert.

He would like to involve any local businesses that could be interested in the event (eg. taxis) and thought that the best place to start would be with the Parish Council. He is not certain how many people will attend yet (although he will be by end of August) but it will be mainly friends and colleagues.

In answer to Councillor's questions he said;

- There will be probably four hundred people there as it's partly to mark his 60th.
- There will be recorded music between 11am and 2pm.
- Noise levels will be managed – there will be a noise risk assessment and a noise level manager.
- The music is likely to start between 5pm and 6pm in the afternoons.
- There will be a charge for entry and lots of marshalls.

If anyone has any problems, business suggestions or concerns they are invited to contact Mr Vine on charles.vine@spafax.com

The meeting was then re-opened.

If any changes are to be made to the scheme as drawn, we need to give Highways England our views as rapidly as possible.
